

WELCOME TO AVL ePRODUCTS™

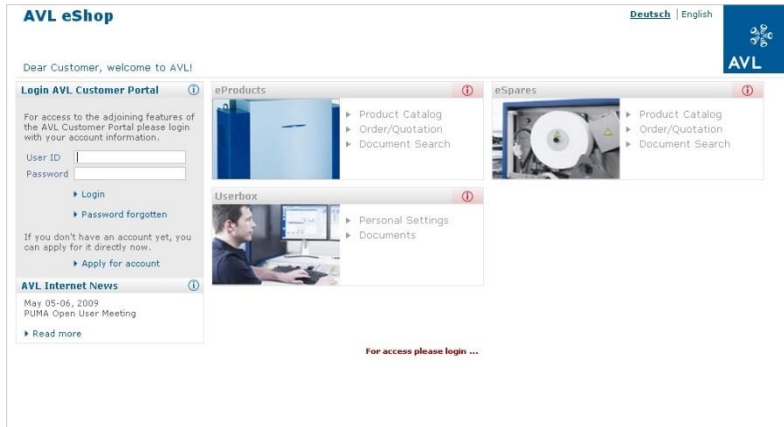

The fastest way to the AVL product you need

AVL eProducts™

AVL List GmbH (Headquarters)

Public

WHAT IS AVL ePRODUCTS™?

- Online AVL product catalogue and web shop for powertrain measurement devices
- Embedded in a common eBusiness portal, the AVL eShop, needing just one user id
- Complementing AVL eSpares™, the portal for spare parts

BENEFITS AT A GLANCE

- 24h/7d easy & fast access to a product catalogue that is always up-to-date without needing an AVL sales person on site
- The detailed description of all articles renders the product selection process transparent and provides valuable additional information (photos, manuals, datasheets, etc.)
- Product advisors (intelligent configurators) assist in finding the right products for the requested application
- Delivery is free of charge
- Reduced delivery times due to direct connection to AVL's order processing department
- Simplified processes which increase the efficiency (in time and cost)

NOW IT'S REAL!

- The whole purchasing process can be handled via internet with just a few mouse clicks!

- **You decide** if you just want to use AVL eProducts™ for information purposes or to additionally place an order.

FEATURES

- Well structured online product catalogue
- Product advisors (intelligent configurators)
- Display of product accessories and product alternatives
- Comparison of products
- Export of the self-service offer as a pdf - document
- Credit card payment
- Selection of delivery categories (normal or express)
- Customized shipping tags
- Track and Trace Area
- Integrated “Call 4 Help” function
- Display of eShop news
- User Box (personalized settings) → Make eProducts™ to “My eProducts™”
